

## MATCHING GIFTS

Many local and national firms have a matching gift program in which they will match the employee's gift up to a certain amount. This is a great way to maximize a donor's gift. Donors can be reminded to check with their Human Resources Department as to whether they provide matching gifts and for the appropriate form. Donors should be aware that most employers remit their portion when the employee's portion is paid in full. Some corporations that may match gifts to the Foundation of the Roman Catholic Diocese of Buffalo, FBO, "*Upon This Rock*", include:
